INCREASED PRODUCTIVITY

Maximise scanning with the 50-sheet single-pass DADF, using dual CIS to scan both sides at once.

FAVOURITE FUNCTION AT FINGERTIPS

Simplify your workflow with custom shortcuts, an intuitive interface, and a vari-angle touchscreen for faster, more efficient printing.

BOOST EFFICIENCY / CUSTOMISE WORKFLOW

The Application Library lets you work smarter by storing and printing forms directly, or sending documents to preset destinations with a single tap.

ENHANCED SECURITY FOR A PEACE OF MIND

TLS 1.3 and WPA 3 encrypts data and enhances security for network communications and Wi-Fi connections, respectively. Firmware integrity checks can be done upon startup.

^{*1} Print speed is measured based on internal testing using A4/Letter size paper printed with 100% print ratio to original on one-sided paper.

Internal testing involved continuously printing the same one page of content on plain paper. Print speed may vary depending on paper type, paper size or paper feeding direction.

^{*2} First print out time is measured based on internal test procedure and may vary. When the printer is in the ready state, this is the time from receiving the print instruction from the controller to printing one sheet and finishing paper ejection.

^{*3} Scan resolution 300 x 300 dpi.

^{*4} Based on ITU-T E1 Chart (standard mode).

^{*5} The latest drivers for Windows, Windows Server, Mac OS and Linux can be downloaded from the <https://asia.canon/en/support> website when available.

^{*6} Monthly Duty Cycle value provides a means of comparison for product robustness in relation to other Canon laser printer devices, and does not refer to actual maximum image output per month.

^{*7} Excluding toner cartridge.

^{*8} Toner cartridge yield is in accordance with ISO/IEC 19752.
